PRE-WEBINAR TASKS

You will invest a full hour of your time by participating in this webinar. To get the most from your investment, spend 10 minutes reading this packet.

PREPARE YOUR LEARNING ENVIRONMENT

If we were in person, we’d take great care to provide an optimal physical learning environment. We invite you to create a comfortable space for yourself—grab a snack and cup of coffee, a highlighter, scratch paper to doodle on ... whatever helps you to learn best!

MUTUAL ACCOUNTABILITY

As your facilitators, we are committed to meeting your learning needs throughout this webinar. Our expectation is that you will be available to participate and engage with us during the hour.

LOG IN AND CONNECT

Plan on joining us 10 minutes before the starting time of the webinar to test your equipment and settle into our virtual learning space.

Intent for Webinar 2

Our intent is for you to leave the webinar with a solid understanding of how the science behind goal-achievement strategies has informed the focus of the next generation of CalWORKs 2.0.

Achievements: During the webinar we will:

- Review a science-based goal achievement framework
- Draft a plan for our own work-related goals
- Identify how we would like to learn more about incorporating this framework into our program

Before the webinar

1. Prepare: To get you started thinking about goal achievement, take a few minutes to think about these questions before the webinar:
 - How do you decide what goals to pursue?
 - What tools or strategies have helped you achieve goals in the past?

During the webinar

1. During the webinar we will ask several questions:
 - Which of the steps in Goal-Plan-Do-Review/Revise do you think will be the most challenging for customers?
 - What strategies or ideas do you have about how to help customers review and revise their goals and plans?
 - Which tools are you interested in using with families?
 - As you think about how you might incorporate new goal achievement tools, what would be most helpful as you continue to learn about them?
 - What questions or comments do you have about the draft tools?

After the webinar

1. Sign up for the next webinar and put its date into your calendar.
2. Post your insight, question, idea, or topic on the forum page of the new website.
3. Call or email a colleague who could not attend and share one thing you learned from the webinar. Invite your colleague to log in to the website and register for the next webinar.
